General Report Comments: I arrived at the property which is in Nyl street, and found the owner at home. I observed 1 dog on a static chain of about 3-4m long due to being knotted up. No swivel ends was seen. The owner stated that he cant find swivel ends no where. I advised to put the dog back on the runner with a 2 m chain. I observed that the dog was injured. The owner showed me the car keys in his hand and told me that he was about to take the dog to a vet. A stray dog came onto his property and bit his dog. I also observed next door a female dog on a static chain. While I was still talking to the owner, a boy came from the house with wire and made a long running line. He then put ths dog on the runner whike I was there. The runner was effective and the dog had access to shelter and water. I will follow up on Ryan in next week.

General Report Comments: I arrived at the property. I met the son Ezekiel at home. He stated that his daddy was not home. I observed two dogs. Ryan was up and very lively. I could see that he was shaven. He got tablets that he have to take before meals. I will get proof of vet visit from Joao. Apparently, both dogs has broken their runner lines. This is due to the stray dogs that comes to their property and harassing their dogs. There were builders on the property working as well. I was told that as soon as the place is securely enclosed, the dogs will be free roaming. I advised sterilisation. I will arrange pick up of the dogs to be sterilised as soon as I get time.

ANIMALS IN GOOD CONDITION	Yes
VETERINARY PROBLEMS / HEALTH CO	No
CONFINEMENT OF ANIMALS	On running chain The property is not fully enclosed

General Report Comments: I arrived at the property and found one dog on a runner with access to water and shelter. The appeared to be no one at home. The next door neighbor came out to me and I explained to him that I am doing a recheck on the living conditions of the dogs on the property. I then went to his dog and found that his dog Cleo was pregnant. She seemed to be due within the next couple of weeks. The dog was on a long static chain. He showed me that the runner line broke. He stated that he has bought stronger wire and will erect a new runner. I could also see that progress was made with the fencing off of the property. There is still a few gaps that needed to be closed off. The owner mr. Eddie Gongalo stated that as soon as the property is fully closed off, his dog will be free roaming. I advised that his dog be sterilised as soon as the puppies are weaned off. The owner want to keep some of the puppies and will sign over the unwanted puppies to SPCA. I will do a recheck in next month.
