Comments:	I confiscated Spotty under regulation 468 of the Animals protection act. Spotty's owners did not come to claim him. Spotty was taken to the vet on Saturday morning to check up on his tail. Dr. Dean suggested that his tail needs to be amputated as it is not healing. Spotty has been aggressive since I confiscated him and he also bot Dr. Dean on Saturday. I've discussed the case with my manager and we have decided it's best to humanely euthanasia Spotty as he is not adoptable and is aggressive. Spotty was humanely put to sleep. Refer admission D3851. Nfa until further notice.
