Comments:	I contacted the owner of the pigs Imelda as she phoned the office to complain about her pigs . Her number is 0793571387 . I advised her that we only confiscated 5 pigs. 1 Adult Sow and 4 piglets. She claims that she had 28 pigs but I told her since my investigation begun it was only 5 and I had a warrant to remove them as they were not being looked after. I told her she is welcome to go and query it with SAPS as there will also be an SAPS OB number entry. She said she will investigate further.
