Comments: Got into contact with RAW - Pierre Minnie and he told me that on 27 Sept 2023 he was called out to this address because the dog had a broken hip and they told him that the child fell on the dog. He took the dog for treatment and she was operated on with a pin inserted and was told to keep dog contained for at least a month. When he followed up in 3 days time the dog was running around in the property freely. He then saw that the dog's tail was amputated as well. He provided me with a affidavit in this regard.
