Comments:	I contacted the owner Deline Frederick on 0747153166. I explained to her that the female dog was diagnosed with cancer and that we did get the vet report. I told her that we will euthanase Sasha and she agreed she asked me to send a prayer while I euthanase and I promised to do that. I educated her on dog ownership and told her that all of us must send a message to the community and the children that it is not right to keep animals if you cannot afford to keep them . I told her that she must fence her property and make sure that she has dog food if she wants to keep an animal again. She told me that she does not have money to do it now and will not get another dog now.
