General Report Comments: John Pieters took me to the ba k of the property where I observed 1x male pitbull x on a 4 meter long chain with a collar. Water,food and shelter is available. The dog is in acceptable condition. I asked John about Lola the other dog and he took me to the restaurant across the street where I observed Lola the brown pitbull female lying on the stoep of the restaurant. Lola is also in acceptable condition and is very friendly. The guests at the restaurant loves her. I think this is more like a nuisance complaint because there is nothing wrong with the 2x dogs on the property. Nfa until further notice.
