General Report Comments: I saw 1x black pitbull x male in the neighbour's yard. Jan the owner came over and as we approached the dog he ran away. Jan called him so that I could see the dog. The dog has mange and external parasites. I did not observe any injuries to the dogs paw and he was not limping when he ran away. I issued Jan with a warning to provide vet treatment for the mange and the external parasites. Will do a recheck.
