General Report Comments: The owner of the horse contacted Zelda for assistance with her sick horse. Zelda contacted the Spca because she was unable to help. The owner said the foal is about 3 months old and her mother is no longer with her so they started to give the foal food to eat. The foal was lying down and could not get up. I educated her that the foal was to young to give her food she still needed to drink milk. The owner signed the foal over to the Spca. I did pts the foal. Nfa
