General Report Comments: I first went to the complainants house and they explained everything to me. I together with Marius, Fiona and Rou went to Mr Jean's property. He admitted that it was his dogs that were chasing the seal and he also informed us that on that day it was misty and he was walking his dogs on the beach and all of a sudden his dogs jumped into the water and barking at the seal. I issued him a Notice to comply advising him not to terrify or incite his dogs to attack any other animal . I then proceeded to meet the Shelley Point Home Owners association manager and informed him about the incident. He informed me that they are going to investigate on their side and also involve the Law Enforcement as there are some Bye-Laws that have been contravened. The seal in question was not injured according to Rou from Houtbay Seal Rescue
