General Report Comments: Inspector Chiwawa did an inspection and filled in a petshop checklist on 16 February 2023. I met with the owner and she showed me the animals at the back of the shop. There are doves in a cage that was to small. She said she was waiting for the byer to come fetch the doves. The other animals was in a fair condition and had adequate space. Water and food available. I told he I am coming back the next day. She asked if the byer did not come if I would please take the doves because she does not have space. Will Re-check again tomorrow.
