General Report Comments: Re-check the owner was not at home. Angelo's said he gave the last dog food for the dog this morning. The dog is still on a short chain without a collar around her neck. I asked him if the dog was taken to a vet for treatment he said his mother gave the dog deworming tablet. I gave the dog some dog food and she was so hungry she ate all of the food at once. They don't want to surrender the dog and is also not complying to the warnings. Will get a court order to confiscate the dog.
