CHECKLISTS

General Report Comments: I spoke to the owner of the house and he then called Zulu the guy that did catch and kill the buck. I spoke to him he claimed that he did not know that it was illegal to catch and kill a wild buck for meat. The video futures that we have does not show how he killed it. I gave him a warning that if he did that again charges will be laid against him of animal cruelty. I referred the case to cape nature.
