General Report Comments: Re-check there is no improvement in the dog's body condition. I gave the dog's some dog food they ate all the food like they did not have any food for a few days. I asked the owner to show me the dog food that he is giving the dog's. He said he gave the last food yesterday. I told him that I am going to give him another warning he said he is not going to take the warning. He needs to provide the dog's proper dog food every day. He needs to deworm both dog's within 7 days. He is not willing to sign over the dog's to the Spca. Will Re-check again
