General Report Comments: I saw the dog on a chain as i was driving past and I had to stop as the dog looked thin. The owner was at a house across the street and he came back to the house when he saw me. He agreed that the dog is sick and he informed me that he was going to ask his neighbor to take the dog to the vet. I advised him that the vet is not for free and he informed me that he doesn't have money and I convinced him to surrender the dog. He agreed to that. The other dog's body condition is acceptable and the dog is loose. I issued the owner a Notice to comply advising him to seek vet treatment for any sick animal in his possession in future
