General Report Comments: I went to the property and was met by Deon de Goede a consultant for the family according to him. I must rather make contact with him regarding the dog because the owner is very sick. The dog is there to look after the property. He is busy purchasing the property and will then move in and look after the dog. The complainant Denise Farao then also came to the property and she and Mr de Goede came to an agreement that he will buy the food and she will feed them. The dog is in a good condition and have water food and shelter available. She was never in a bad condition while I was doing this case. I am going to close this case until further notice as there are no welfare concerns. NFA
