General Report Comments: When I arrived the donkeys were already gone and I went to Hyron's place as I know him owning the donkeys. I found the two donkeys at home. Gappie has some wounds on the back of the legs and on the front legs. Hyron informed me that when he bought the donkeys in Atlantis Gappie's eye was like that. The eye is blind and it looks like it happened a long time ago. I observed water, food, medicine and shelter. Hyron showed me some wound spray which he is applying on the donkey's wounds.
