General Report Comments: I went to do an inspection on a government farm where the people are farming with Great white pigs. Magda who is one of the board members on the farm gave me access. Magda walked with me on the farm where I have seen +-40 pigs all roaming freely on the farm. Magda told me me that the pigs are all loose because winter times it's a struggle to clean the pig pens that's why they are all loose. Water, food and shelter is available. Pigs is in acceptable conditions. Will do a recheck.
