General Report Comments: Sharon the owner let me on the property where I observed 2x terrier x dogs on short chains. The 1x female does not have shelter and no collar around the neck. Sharon told me that she cant let the dogs loose because her property is not fully fenced and she is living next to a busy road and is scared that the dogs can be ran over. Water and food is available and both dogs body conditions is acceptable. I issued a warning to put the dogs on runners and to provide shelter and a collar for the 1x dog. Will recheck.
