General Report Comments: Hyron told me that the owner of the foal said that it is okay that we euthanized the foal because he does not have money for the vet. Hyron confined the foal on his property so that it won't wander off because the kids in the street told him that I was there looking for the foal. I humanely euthanized the foal and contacted Swartland municipality to come and remove the carcass. The carcass was safely removed from the property. Refer to admission D3888. Nfa until further notice.
