General Report Comments: I went back to the farm to follow up on the warnings issued. House nr 19 adhered to my warning. The living environment were cleaned and the dog was provided with a collar and the chain was extended. The owner of the dogs at house nr 15 covered the chains with hose pipe. The dogs should all be running freely once the fencing are finalised at their houses according to the owner Mrs Coetzee. I will go back to the property on Friday 21 July 23 to follow up on the shelter for property nr11. If the owner did try to make some plan I am going to give him a donated shelter that we have spare at the Darling Kennels.
