General Report Comments: I saw 1 dog running free with dark legs and I stopped by to speak to the owner of the dog about the condition of the dog and he said he was trying to help the dog with the product he was holding and it seems like it is not working and I advise him to buy next gaurd from the vet or buy the dip and dip his dog and he said he will try to buy it from his pension money I also advise him to bring the dog to the mobile clinic so he can dip him and deworm the dog. Water and shelter was observed and the body condition of the dog is not acceptable because of the skin problems he has. Will recheck if he got the dip or the next gaurd.
