General Report Comments: I saw 2x puppies scavenging in the street and ask the people who the puppies belongs too, a lady send me to house number 166 where I then met the owner Walter. I asked Walter why the puppies are so thin and if he does have food for the puppies. Walter told me that he does feed them but did not have any puppy food to show me. I issued a warning to get the puppies dewormed and to provide them with adequate puppy food. While I was writing the warning, Walter decided to surrender the 2x puppies. Refer to admission D4608 and D4609. No other animals on the property. Nfa until further notice.
