General Report Comments: The dog was on a short static chain despite the availability of a running chain. Elrick informed me that the dog is on a short static chain just for a few minutes because there is clothes on the washing line which is next to the running chain. She told me that she will put the dog back on the running chain as soon as the clothes are dry. The dog's body condition is fair and acceptable. I observed a collar, water and shelter. I issued a Notice to comply advising the owner to put the dog on a running chain. I will recheck
