General Report Comments: There are 2 dogs on the property 1 male and 1 female. Both dog's are sterilized and roaming free in the yard water and shelter available for the dog's. The black dog is a bit underweight. The owner showed me the dog food that they are giving the dog's. I educated them on buying a better brand dog food and to deworm the dog's. I wil recheck on the dog's condition. She said they extended the wall because they jump over.
