CHECKLISTS

General Report Comments: I went to the address a young lady opened the door she said she knew nothing about a sick dog but her mother does have a dog. She allowed me access to the property. We looked around in the yard but did not see the dog. I told her I would come back later. I went back past 4. Still the dog was not there. I told her the dog needs treatment or the mother can sign the dog over to the SPCA
