CHECKLISTS

General Report Comments: I went back and there was no one at home. I saw a german shepherd mix dog on the ground. There were vomit and traces of diarrhea on the ground. The dog could not get up and is in a very bad state. I phoned the owner of the dog Eugenia and told her that her dog is very sick and needs immediate vettreatment or she can sign the dog over to the SPCA. She told me she will not sign the dog over and will take it to the vet when she is back from work. She then put the phone down before I could respond. I tried to phone her back 3 times but she did not pick up. I also sent her a whatsapp to say that the dog requires immediate vet treatment to which she responded that the SPCA must treat the dog but not euthanase the dog. I replied that we do not have a vet. She then told me via whatsapp that she does not have money to take the dog to a vet after hours. According to the complainant the dog has not eaten for a week as she feeds the dogs.
