General Report Comments: I saw 1x black and tan Gsd x male loose on the property. The dog is in acceptable condition. Water, food and shelter was also observed. I asked Wesley about the underweight dog that was on a short chain that the complainant complained about, Wesley admitted that he was trying to rescue a stray dog that he was trying to help. Wesley told me that he tied the dog on a long chain because he was afraid that the dog will run away and will only get worse. Wesley was away from home for a few weeks and while he was away working his wife decided to let the dog loose and the dog then took off. I only saw the 1x dog on the property. Nfa until further notice.
