General Report Comments: Shelton let me on the property to check on the welfare conditions of the white and black terrier x. The dog is in acceptable condition. Water, food and shelter was observed. The reason the dog is on a long chain with a collar is because the dog can jump over the fence. I also told the complainant Mr Monk in person that there is nothing the SPCA can do about the barking of the dog. No welfare issues were noted. NFA until further notice.
