General Report Comments: The owner was not at home her son was there. There are 2 dogs on the property both are underweight. I asked him what food they give the dog's he showed me a empty bag of Benji. So there was no dog food. I educated him on adequate food and then I gave the dog's some food and they ate it all. I left a warning for his mother to provide proper dog food and that the female dog must be taken to a vet. The dog's must be dewormed and they must pick up body condition. If she can't afford to look after the dog's she can sign the dog's over to the Spca. She must also contact me within 24 hours. Will Re-check
