General Report Comments: Randall let me on the property where I observed 1x dog on a short rope without a collar and 2x dogs that is loose on the property. The 2x dogs that is loose is showing signs of early mange. I asked Randall if they have any treatment for the mange and he said no, I advised Randall that they must get some treatment for skin conditions in dogs before it gets worse. I issued a warning to put the 1x dog on a runner and to provide a collar and to get some treatment for the 2x dogs with the skin condition. Will recheck.
