CHECKLISTS

General Report Comments: I went to the property to recheck if the warning was adhered to. Mr Jeffries was not at home and we could not see the dog. We stood outside and the domestic worker did not want to show us the dog she said it was inside the house but she requires permission from the owner to show us. I asked her the number of Mr Jeffries. I contacted mr Jeffries and asked him if the dog was taken to a vet because he had a 24hr warning to do so. Mr Jeffries again said no and he is still waiting for a report from Panorama veterinary hospital. I told Mr Jeffries that I am in possession of the veterinary report and it clearly stated that on the 25th of October 2023 the vet dr van Zyl told him that they cannot help the dog Steffie and that the best option is euthanasia. Mr Jeffries told me that he is considering other options for the dog Steffie and I then told him that the vet clearly stated that he gave him 2 weeks pain medication in order for them to say their goodbyes to the dog. I told Mr Jeffries that the dog cannot suffer like this any further and that if he does not sign the dog over or have her euthased immediately that I have no other option as to get a warrant and remove Jessie. Mr Jeffries then asked me if I will wait at the house until he gets there because he will sign over the dog. We waited until he arrived and he then signed admission D6982. Mr Jeffries then loaded the dog Jessie into the SPCA vehicle and followed us to the kennels in Vredenburg. I humanely euthanased Jessie with Mr Jeffries and his son present. NFA until further notice.
