General Report Comments: I saw the 5x sheep grazing on an open field. I went vloser to do an inspection to look for the sheep with the injured horn. I saw the sheep with the horn but there was no open wound or blood. I then asked around to find out who the sheep belongs too. People referred me to 26 Skool street where the owners are living. I went there and spoke to Tasneem Brenner who is the owner . I asked Tasneem about the sheep with the skew horn and she told me that that sheep was stolen a couple of months ago and when the found her the horn was like that. Accept for the skew horn the sheep is in acceptable conditions. Tasneem also went to show me her 2x horses that is also in acceptable conditions. Tasneem also told me when her animals is grazing near her house there is always water available. Inside the property I did observe shelter,food and water for the animals. Nfa until further notice.
