General Report Comments: Suzette the owner let me on the property where I observed 1x black and tan female terrier x and 2x puppies. The dogs are all in acceptable conditions. Water, food and shelter was observed. I went to speak to the complainant in person and told her that I've been to the address and saw the dogs and that the dogs ate in acceptable conditions and that the owner Suzette does have food for the dogs. Complainant said that she is upset because Suzette is selling the puppies and I told her that there is nothing I can do if the owner is selling the puppies, I explained to Yasmin that I went out to check on the welfare of the dogs and from what I have observed there is no welfare issues.
