General Report Comments: Charlotte le me on the property where I observed 1x black and tan terrier x male. The dog has some king grayish flesh over his eyes. I told Charlotte that I'm not a vet but I think it can be tickbite fever that the dog has and told her the the dog needs veterinary treatment as soon as possible. Charlotte decided to surrender the dog because she does not have money for a vet. Refer to admission D4689. Dog surrendered to the Spca. No other animals on the property. Nfa until further notice.
