General Report Comments: I saw 1 dog on a long rope sleeping next to the wall going after shade and I stopped by to speak to the owner of the dog about the condition of the dog and he was at work and I spoke to her sister in law who was there to help them in the house because the mother has a injured leg. I left the notice to comply for the water always and they must put it where the sun can't get to it the whole day. Shelter was observed and the body condition of the dog is acceptable will recheck tomorrow.
