CHECKLISTS

General Report Comments: Flora Teba who is the owner of the house gave us access to the property . I asked Flora if Oregon is staying here and she said yes. I then asked Flora if they have any dogs that had puppies recently and she said no they don't own any dogs and said we are welcome to look around. No dogs was observed on the property or inside the house. Flora told us that Oregon Solomons might have stolen the puppies and went to sell it in Yzerfontein because if he had sold it in Darling people might have recognized the puppies, but they don't own any dogs and she does not know where he got the puppies from. Flora also told us that he hasn't been home since Monday. Oregon has been to prison for murder and is known for petty theft and gang related issues because he is a member of the 28's gang. Patrick Chiwawa and I did not observe any dogs on this property. Nfa until further notice.
