CHECKLISTS

General Report Comments: Tina who lives on the property where the possible abandoned dogs is let me on the property to check on the dogs. The 3x dogs saw me with Tina and they jumped over the fence into the street. Tina claims that the previous owners of the property has left the dogs there and never came to fetch them, it has been three months since they've been there. The property is very big and the dogs is loose so it will be difficult to catch them. I saw a Wendy house on the property and asked Tina if she can't try to get the dogs in the Wendy house with food. Tina said that she will try and let me know. Will follow up.
