CHECKLISTS

General Report Comments: Jean Daniel's the owner of the dog told me that they let the dog loose on Christmas evening for a while, a few hours after that they just heard a bang. They went outside and the dog was hit by a car. I asked Jean if the dog was still alive and he said no the dog died instantly. The property is not fully enclosed that's why the dog was on a running chain. The dog is no longer on the property. Nfa until further notice.
