General Report Comments: Chinelle Boshoff who is the co founder of Scars animal shelter let me on the property to do an inspection. Before I went to the property I phoned the complainant to ask what the problem is and she told me that there is a lot of dogs on the property but there is one specific dog that fighting with the other dogs and when they try to stop the dog the girl who works at the shelter hits the dog. I told Chinelle why I'm here and confronted her with the complaint made against her. Chinelle admitted that the pitbull x Tobie is a handful and that he does cause disruption within her pack but she has found a home for him and are waiting for the people to come fetch him. I met Tobie and 24 other dogs. The dogs on the property are all sterilized and in acceptable conditions. I specifically looked for wounds on the dogs and did not see any. Water, food and shelter was also observed. Chinelle told me that she or her worker Tammy will never hit any of her dogs. I did not observe any injuries on the dogs or saw any dog that is scared to come to me or Chinelle. Chinelle also mentioned that they will be moving at the beginning of January because there is a court battle between her and her landlord who happens to be the complainant. No welfare concerns noted. Nfa until further notice.
