General Report Comments: There was two kids playing outside but the moment I parked the bakkie they ran inside the house and locked the doors. I didn't see any animals on the property. After I left the property a lady by the name Nadia called me and informed me that she saw the Notice to comply that I issued. She informed me that it's her mother's dogs and I can come tomorrow morning but I must give her the time so that she will be at home
