General Report Comments: Upon our arrival, Lee called the owner, Philip, and explained the reason for our inspection. Philip told Lee that Swartland SPCA had already contacted him regarding the same complaint. He said that the trailer in question was in fact theirs but that those cattle were being sent to the abattoir. Philip came through to the farm and accommodated us on our inspection. He was open and showed us the vehicles relevant to the complaint. The vehicles are acceptable for transport of cattle and there were no injured animals during our inspection. Please refer to the attached checklist for further particulars.
