PROTECTION:

Animals not only have to be protected from theft but also from negative human influences such as the teasing and chasing of the animals.

Animal supervision

Public not allowed to interact with animals

Interaction between the public and animals must be under strict supervision to ensure the animals are not teased, chased, frightened or abused in any manner.

Enclosure supervision

Adequate supervision must be provided to ensure that animals are not exposed, either deliberately or negligently, to harmful products such as cigarettes, litter, broken glass, potentially harmful foodstuffs or uncontrolled feeding programmes.

Birds of prey

In areas where birds of prey may pose a threat, sufficient vegetation, such as trees and shrubs, under which the small stock can hide will minimise the threat and offer protection.

Fractious animals

Animals must be protected from bullying and aggression from other animals, including those of their own species. Fractious or aggressive animals must be housed separately or disposed of humanely.

Noise and people

Animals must be protected from unacceptable noise levels such as loud music, high-frequency noises and fireworks. All animals should have an appropriate area in which they can retreat away from direct contact with the public and other animals.

FEED ROOMS

Are the feed room/s clean?

Yes

Messed food swept away daily / no spoilage on the floor(s) / unhygienic smell

Is roughage stored appropriately?
