FYI

The vet's report from the vet that saw the animals at HAWK.

15 dogs admitted for urgent medical care

57 dogs that require veterinary care

32 dogs are okay

21+ dogs not seen by the vet

We will need to issue another warning for these 57 dogs to be taken to the vet for treatment.

Good afternoon Inspector Jaco

Please find attached all the forms from Dr Anroné Bezuidenhout's visit at HAWK.

She saw the animals and I have send all the paperwork to them as well (this morning).

We have no plan in place going forward that is there responsibility. Ronne phoned this morning and said they will be bringing the dog's in from next week.

Have a great weekend.

Kind regards

Good day

Your telephone discussion with Inspector Ayanda Ngcofe of earlier today refers.

Please can you confirm that your veterinarian has seen the animals currently at HAWK? If so, how many animals have been seen? Kindly also indicate the way forward.

Looking forward to your response.

Kind regards
