Comments: EMAIL SENT TO REGIONAL MANAGER - RIAAN

Good day Riaan,

I trust this email finds you well.

Thank you for your prompt response.

At the peak of AI we restricted routine inspections, however this peak has now lapsed and the facility, along with others, are due for inspection.

The onus is on the facility to provide bio-security measures (PPE + shower facilities), which I trust you have in place.

The houses will have to be inspected, along with physical inspections of the birds to ensure there are no contravention/s in terms of the Animals Protection Act 71 of 1972, which the SPCA enforces.

In the event that access is unnecessarily denied, you will leave me with no other choice but to approach the magistrate of the district and apply, for a court order to enter the facility and examine the conditions in which the animals are kept, as per Section 8(1)(a) of the Animals Protection Act 71 of 1962.

I trust the above clarifies and that we can sit around the table and discuss the way forward regarding a current inspection, as well as future inspections.

Looking forward to your cooperative response.

Kind regards,

Insp. Carina Bodenstein
