Complaint Reference No.

INSPECTOR NOTE**Building:** WESKUS SAAD & DIEREBEHOEFTE**Street:** 17F HEUNINGKLIP ROAD**Suburb:****Postal Code:****Date:** 2024-08-16**Time:** 09:16**Inspector:** CARINA BODENSTEIN**Type:** CALL RECORD - MADE**Follow-Up Date:** 2024-08-16**Comments:** I called Isabelle Wentzel, from Birds of Eden Plettenberg Bay - 071 606 2445

She advised that dry sunflower seed is not good as it is primarily fat and oil and is not good for birds. She mentioned that budgie seed is better as a temporary food. She further advised that Lovebirds do well with greens (apple, grass, carrot leaves etc) and also said that sprouted sunflower seeds are a better and healthier alternative.

She mentioned that this will be a difficult case as the birds might not show any ill signs while at the shop, however will only show signs of kidney problems or feather loss in the long run, at a later stage in their lives.

I will give Arno from NSPCA a call again, and ask what his advise will be and if this case can be taken further.
