Type:	CONTACT-OWNER
Follow-Up Date:	
Comments:	Phoned Estelle Wadsworth, who is apart of SCARS (rescue org). She made it very clear that they ate not going to surrender the dog to the SPCA, they are in process of finding the dog a home. The have implemented better measures to ensure nondog escapes again. As there were no APA contraventions found during FO Chiwawa's inspection, the case can be closed as no further action is required
