Inspector:	CARINA BODENSTEIN

Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2024-04-25
Comments:	This is not a case for the SPCA, this is a By Law matter. In terms Saldanha Bay Municipality: By Law Relating to Prevention of public nuisance and the keeping of animals, 2022 Chaper 2(10)(1)(c) the owner is reaponsible to ensure their property is well kept to ensure the dog does not cause a distrubance or nuisance. I call LE, it appear as if they dont know their own by law as they state a complex is exempt, which is not according to the definition of "property" I will call them again tomorrow and discuss the matter with a supervisor
