Subject: Urgent- Report of Animals in Distress

To: <inspectorate@spca-ct.co.za>

Dear Inspector & SPCA heroes,

I am reporting this post by an organization called "Dogs deserve better Rehabilitation Centre", where it's evident that there are neglected animals that need immediate help.

It seems that an organization is trying to offer support, but the owner keeps the animals without food & chained up in the cold. I had to report this.

Details of the organization who is trying to help is in the post, but this just sustains the dire situation.

I believe these animals need to be removed and the owner warned. The details of the lady who runs the organization that took these photos can be found in the Facebook post, and I'm hoping that's how we can locate the dogs.
