Type:	CALL RECORD - MADE
Follow-Up Date:	
Comments:	I called COGH SPCA for further feedback on the matter. Control Officer Peace advised that Insp Trevor Rodney attended to the property yesterday and observed 2x Macaws, 1x Cockatoo, 2 x African Grey Pairs and 1 Pair Moluccan Eclectus. The birds were kept in large aviaries, the size of 2x double garges. The birds had access to water, enrichment as well as natural enrichment, are fed species specific food, had a clean living area and appeared to be socially compatible. No contraventions in terms of the APA was observed. And they closed the case on their side. As it is confirmed that the birds are now kept in feasible conditions, we can close the case on our side as well.
