Inspector:	CARINA BODENSTEIN

Type:	CALL RECORD - RECEIVED
Follow-Up Date:	2024-08-09
Comments:	I received a call from the owner advising that the dog will only go this week for his re assessment, Thursday. As this was the only day she could get off from work . She will send me a copy of the veterinary assessment form. I decided to still go past the property and see if there is any current progress. I saw the dog and the dog appears to have slightly gained weight, however more time will be needed to see a bigger change. I wil follow up with the owner on Friday.
